Summary

Working as a software developer in UST for two years with Microsoft Technology Services. A highly motivated, productive, ambitious and results driven individual with strong academic credentials as well a good team player with strong communication, interpersonal, organizational, time management, analytical and problem-solving skills. Looking for more innovative and challenging requirements to improve my abilities and experience in the development. Reliable and dedicated with the ability to grasp and apply new procedures quickly; organize and prioritize tasks to meet deadlines and adapt readily to new challenges.
